The following are the counsel engaged—for the prosecution Messrs. Allen, Lowndes, Hoffman, and Whiting. For the prisoner, Messrs. Everts, Garrison, Price, J. Prentiss Hall, Marshall and Cuttenden.

Proceedings under the Statute before the Circuit Judge to compel the late Comptroller to deliver up the Books and Papers of his office to his successor.

CIRCUIT COURT.—Before Judge KENT.—WEDNESDAY.—REquiring the COMPTROLLER TO SHOW CAUSE, &c., Mr. Graham stated that the present proceedings were on an application made, in pursuance of the Revised Statutes, by Dr. Williams regarding Alfred A. Smith to show cause why he did not make over the books, papers and property appertaining to the office of Comptroller in the complaint, having been appointed to succeed him. Mr. G. then explained the law by which the President of the Board of Aldermen is empowered to act as Mayor when the latter officer is absent, or sick, or any other cause makes it unable to attend to the duties of the office. Mr. A. Woodhall, going to the Mayors office and finding him absent, administered the oath of office of Mr. Williamson as Comptroller. Mr. W. has given bonds in the sum of \$60,000 for the faithful performance of his duty. [A certificate of the Chamberlain to that effect was read by Mr. G.] Several affidavits were then read. One of Mr. Williamson, in which he states that he reported to the Comptroller's office on the 3d of June, left a copy of the superintendence with Mr. Smith, and showed his commission, signed by Caleb S. Woodhall, the certificate of his bond, &c. At the same time he made a formal written demand for the books, but Mr. Smith refused to deliver them, and still refuses, on what account the complainant was compelled to apply for a writ. An affidavit of George W. Phelps was also read, in which he states that he was present when Mr. Williamson made the demand.

Mr. Cowdry, on behalf of Mr. Smith, read several affidavits. The facts were from the Mayor, in which he states that during the whole of the 1st and 2d days of June he was in the city, and at all times successful and ready to be found. Whenever he called on his office he left word with Mr. Ahern, the clerk, where he would be in case he was asked for. Mr. Taylor, who had been sent and engaged to be included in the bill, was not present. The Mayor's letter of appointment was not produced. The Mayor's letter of appointment was not produced. The deposition of Alfred A. Smith to that effect was read.

The Comptroller has made an arrangement for the redemption of the notes of the "Farmers' Bank of Orleans" at the Albany City Bank.

The Bank of America has been designated by the Secretary of the Treasury as a depository of the Revenue.

The Delaware and Hudson Canal Company have deposited a dividend of 5 percent for the last 6 months. The only sale in May was made at \$6, seller's option 90 days, dividend oil.

Strong doubts have been cast in regard to the payment of the interest on the Public Debt of Virginia. The Richmonader says: "To prevent any misapprehension of the article in our last touching the Loan of \$200,000 for the benefit of the James River and Kanawha Company, we feel it our duty to state that we understand that arrangements have been made to meet the interest on the State Debt as it will become due."

The Banks of Lancaster County, Pa., consisting of the Lancaster Bank, the Farmers' Bank, the County Bank, and the Columbia Bank and Bridge Co., the representatives of which, in convention, met at Lancaster on Wednesday last, June 4th, and unanimously resolved to resume payment on all their liabilities on the first of September next.

The Reading Road, which the Boston capitalists have taken hold of, appears to be doing a fine business. The receipts during the last month, for passengers and freight on merchandise, is stated to have been but little less than \$20,000.

At Pittsburg there is a great scarcity of money. From the Advocate we learn that in October, 1840, the loans due the Banks of that city amounted to \$15,525,20, and on the 1st of April, 1842, they amounted to only \$9,000,000, showing a reduction of loans, in two years and six months, of \$6,525,20. The circulation of the Banks of the city at the former period was \$71,400, and at the latter only \$24,000, showing a reduction of circulation of \$47,400.
